

## FOR IMMEDIATE RELEASE

"Duty, Honor, Country: Those three hallowed words reverently dictate what you ought to be, what you can be, what you will be. They are your rallying point to build courage when courage seems to fail, to regain faith when there seems to be little cause for faith, to create hope when hope becomes forlorn."

- General Douglas MacArthur, 1962

The situation in Afghanistan is dire. In times like these, we all have a choice, accept the conditions and circumstances, or "Charlie Mike", continue the mission.

Our job in Afghanistan is not over. The mission of #AlliedAirlift21, is just beginning. We are a group of Americans, all volunteers, contributing to the historic "Digital Dunkirk" effort to get our Afghan partners and allies out of danger.

Our first task is gathering the names of those in Afghanistan who need extraction. They are American Citizens and fellow public servants who served alongside us for 20 years in various capacities; we will not leave them behind. Simultaneously, we aim to help consolidate, validate and disseminate accurate and real time information.

### **Call to Action**

If you know someone who needs extraction, please share this post using #AlliedAirlift21.
